

# BUILDER PARTNERSHIP PROGRAM

For Single-Family Builders

Make Delaney Hardware your one-stop-shop for your hardware needs. We partner with Builders to fully suite entire projects from house numbers, locksets, bath to builders hardware!

*Providing Exceptional Service to Builders*

# BENEFITS OF DELANEY HARDWARE BUILDER PARTNERSHIP PROGRAM

## Model Home Hardware

Delaney Hardware will provide complementary model hardware to showcase your product offering and ensure that your model homes are outfitted with durable high quality hardware. Offering one model home's hardware for every 25 home commitment (max 3 per subdivision).

## Construction Locks

Construction locks secure your home during the construction phase and can be reused. This eliminates damaging the final hardware and provides additional security for the new homeowner. We offer up to 40 complementary construction locks.

## Rebate

At Delaney we want the builders to benefit directly from using our product. This program allows us to add value to your hardware buying experience!
